

Foysal Hossain

FULL STACK WEB DEVELOPER

Location: Uttara, Dhaka, Bangladesh | **Email:** foysalhossain772@gmail.com | **Mobile:** 01625477322

[GitHub](#) | [LinkedIn](#)

Objective

As a passionate and skilled full-stack web developer, my objective is to utilize my comprehensive knowledge of front-end and back-end technologies to contribute to the development of innovative and user-centric web applications.

Skills

- **Expertise:** Proficient in developing web applications using the MERN (MongoDB, Express.js, React.js, Node.js) stack, demonstrating deep knowledge and skill in all aspects of the stack.
- **Comfortable:** Comfortable working with front-end technologies such as React.js, JavaScript, HTML5 and CSS3 to create dynamic and responsive user interface.
- **Familiar:** Familiarity with back-end technologies like Node.js and Express.js for server side development, restful API creation and database integration.
- **Tools:** VS Code, Chrome Dev Tools, Git, GitHub, Netlify, Firebase, Vercel, Figma
